Sponsorship Program for Orphan Children in Pakistan

Sharoon Amir

March 8, 2019

Dear Sponsor,

Thank you for sponsoring my child by your prayers, gifts and paying sponsor funds. I am the mother of Sharoon Amir. I have five children, one daughter and four sons. My husband works for daily wages. I also do work in different houses to help feed my family. I was worried about my children and their education. Agape Pakistan's school teachers visited my home and told me about Agape Pakistan and how the Agape Pakistan is helping Christian kids by providing them education and health services. I shared with teachers my financial problem and I also told them that I cannot afford to send my children to school. But the teachers explained to me that Agape Pakistan helps children like mine. **Agape Pakistan** also finds a sponsor for them. I agreed to send my children to school. I am glad to let you know that my children are enrolled and started their Formal and Religious Education in the Primary school of Agape Pakistan. All activities are done with the help of your funds: uniforms, books, bags, shoes, sweaters, and stationary. I would be thankful if you will continue sponsoring my son and I will pray for you and for your families. Please make checks payable to **Agape Missions World Wide**.

I plan to send my children to school at least till 10th grade.

God bless you

Thank you!

Shakeela Ami
