

Dear Chapelites,

Don't you love it when a plan comes together!

The Children's Christmas Program last Sunday morning was lots of fun. The church was filled with happy worshipers and a lot of festive energy. The children all did well. The younger ones sang and recited their parts. The older ones decorated a tree and through drama informed us of the meaning behind many Christmas traditions and symbols. Thank you to Mr. Tom, Mrs. Dawn, and Mrs. Sherry for working with our children, Max and Pat Fetterman for our over-the-top set, Susie Krugh and Cathy Leatherman for piano, and for all who helped create this special event.

The first service added another ingredient to "A Recipe for a Merry Christmas". So far, we have a cup of hope, a pound of love, and a heaping tablespoon of joy. We will add two more ingredients before we put it in the oven—one this coming Sunday at 8:15 and the final one Christmas eve.

An added bonus: We have some new delicious recipes which are available on the table by the office door. Cheesecake Cookies, Crunchy Ice Cream Dessert, Deep Dish Almond Apple Pie, Fruit Coffee Cake, Ham Balls, Mom's Cranberry Salad, Pecan Pie Tarts, Pumpkin Cobbler, and Vanilla Pudding Cinnamon Rolls with Cream Cheese Frosting.

I need several more recipes for Christmas cooking—treats, desserts, and main and side dishes. Bring your own, or let me know who has a special recipe. I'll ask if they'll share it.

This event came a week after a fantastic holiday dinner. Don't you love it when a plan comes together!

I look forward with faith-filled anticipation to the Christmas Cantata, "On this Very Night", this coming Sunday at 10:30, and to the Christmas Eve Service with candlelight and carols at 7:00.

Livestream plus Upload

Our internet at the church is not reliable. Last Sunday, the live stream was choppy. The 10:30 service was reloaded to YouTube immediately after the live service ended. It is there for you to view. I had hoped we could also upload the video of the first service, but that did not work.

Next Sunday, we will live stream the 10:30 Cantata. If it is choppy or the signal fails, you can stop watching and come back later. Since we will two different services next week, we plan to upload the first service and reload the second service to YouTube by early Sunday afternoon. Thank you to the tech team.
