Dear Friends,

I want to thank you for your contributions to Red Bird Mission, Inc., and Red Bird Clinic, Inc., during the months of August and September. Your gifts are vitally important to the transformative ministries that benefit the people served by the Mission and the Clinic. Following is a listing of your gifts through September and some recent highlights here at Red Bird Mission, Inc., and Red Bird Clinic, Inc.

Date	Gift Amount	GL Code	Type of Gift	Check/Reference#
8/8/2017	\$712.75	UM Advance Red Bird Clinic	GBGM Printout	0

- The Red Bird Dental Clinic Mobile Dentistry is now setting up in senior centers and church locations to do screenings. Avēsis, a Managed Care Organization in Kentucky, funded the equipment through a grant, but your donations are still needed to cover the travel and mobile clinic costs for patients needing dental care.
- The journalism class at Red Bird Christian School released its first magazine, swaG (students writing about God) under the tutelage of one of our new teachers, Ms. Morgan, our high school English teacher. Ms. Morgan is one of three new, wonderful Christian teachers God sent to us. Continuing gifts are needed so that our school can provide excellent education to the 250 Pre-K through 12th RBCS students.
- The Schaeffer Building has been buzzing this fall as volunteers prepare Christmas gifts for distribution in December to hundreds in need. Consider giving an additional gift to Community Aid so that we can respond to family needs after the holidays are over.

We could not do so much for those needing our ministries without your support. Your gifts are a blessing to many. May you know God's blessings because of your faithfulness.

Grace and Peace,

Tim Crawford
Development Director

*Help us save money with a **paperless donation receipt**.
