Riesenberg Review

We have been doing many things on campus to meet students the first month of school. Lots of yard games, Bible studies, handing out coffee on the oval, multiple baking clubs, and dogs! Yes, students are drawn to dogs and enjoy chit chatting as they spend a little time with a furry friend.

Involvement Fair

We had our booth at the universities involvement fair and were able to meet lots of students interested in finding a Christian community on campus.

Sunday Service

We have a new location on campus for our Sunday service, Curl Marketplace. If you haven't been to campus in last several years, there is a dining hall on what used to be Curl Ave! There is a big open meeting space above it, and it has provided a great place for us to have our Sunday morning gatherings!

Quick Life Update

Luca started all day kindergarten, and Gavin started going to preschool three days a week this fall! Many of you have been teamed up with us since before they were born! Time flies. They are both enjoying school, and we are adjusting to new family rhythms.

Prayer Requests

- As a church, our prayer for the year is that we would rely on, and build our lives upon our Cornerstone, Jesus! Would you pray that our church has a deep dependence and trust in Jesus!
- Please pray for H2O to be a light on campus and show the love of Jesus to those around us!

Thankful to be teamed up with you!
